

OFFICE OF UNDERGRADUATE RESEARCH

THE OUR WAS CREATED TO:

- Facilitate collaboration between faculty mentors and student researchers
- Coordinate university-wide research events, such as Scholars' Day
- Assist students in their preparation and travel to research conferences
- Encourage new initiatives to create, enhance, and expand undergraduate research opportunities for all UWG students.

SCHOLARS' DAY CONFERENCE

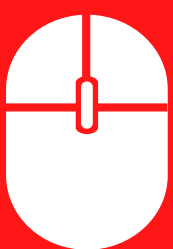

The Honors College and the Office of Undergraduate Research sponsor UWG Scholars' Day each April to recognize and celebrate all the exciting academic work UWG students are doing. The Scholars' Day Undergraduate Research Conference is a fully inclusive celebration of undergraduate research at UWG. We invite the entire campus community to attend and learn about the student research happening across our campus.

SRAP

The Student Research Assistant Program (SRAP) enables faculty and staff to employ undergraduates to assist in research and other college-related work. Each Spring semester, faculty and staff are invited to apply for a SRAP grant to fund their student research assistants for the upcoming summer and academic year. Typically, there are about 50 SRAP projects each year.
