Approved wording follows:

**College of Education**

Good Academic Standing for a student enrolled in a Non-Degree Initial Certification Program for teacher certification is defined as a cumulative GPA of 2.7 or higher.

Any graduate level student earning a grade of *F* or *WF*, regardless of his/her academic standing, will be referred to his/her program and, at the discretion of the program, may be suspended from the program.

A student will be dismissed from the following two programs if he or she earns two C’s or one F.

- Ed.D. in School Improvement
- Ed.D. in Professional Counseling and Supervision

**Committee IV: Academic Policies Committee (Chair, David Leach)**

**Action Item:**

- A) Proposal: The Academic Policies Committee requests that the Faculty Senate approve modifications to Section 208 of the Faculty Handbook.

Preamble: The policy was and proposed changes highlighted. The modifications improve the clarity of the section and make the following substantive changes:

Changing the title of Section 208 from "Subcommittee for Dishonesty and Grade Determination Appeals" to "Academic Appeals." This is more appropriate because Section 208 also includes general appeals for admission to the University.

Adding back the requirement that a grade appeal must be "concluded no later than one year, 12 calendar months, after the assignment of the grade." This requirement was inadvertently omitted during the previous modification.

Spells out that there are three types of academic appeals:

- a. Admission appeals
- b. Grade appeals (2 types - academic dishonesty and grade determination)
- c. Academic Suspension (one term, one year) or Academic Dismissal from the University

Changes the name of the General Appeals Subcommittee to "Admission Appeals Subcommittee."

*Motion approved by unanimous consent. (See Attachment I)*

5. Announcements

A PowerPoint presentation on the methodology for the study will be provided through the All-Faculty Listserv.

6. Without objection the meeting was declared adjourned at 4:41 p.m.

Respectfully submitted,

Dawn Harmon McCord, Faculty Senate Executive Secretary

## **208 Academic Appeals**

### **208.01 Confidentiality**

Due to the sensitive nature of any appeals hearing, confidentiality will be respected in a manner consistent with relevant state law and University System of Georgia policy.

### **208.02 Categories of Academic-Based Appeals**

There are three categories of academic-based appeals. All three are initiated by the student.

- Admission to the University (Section 208.03)
- Grade Appeals (Section 208.04), of which there are two kinds: Academic Dishonesty Grade Appeals and Grade Determination Appeals
- Academic Suspension or Academic Dismissal from the University (Section 208.05). Academic suspension (term or one year) or academic dismissal may only be reviewed through a grade appeal (208.04) or hardship withdrawal (205.01).

Sections 208.03 and 208.04 identify the two university subcommittees of the Academic Policies Committee of the Faculty Senate established to hear admission appeals and grade appeals and include the general processes and procedures that should be followed. Given the variability and uniqueness of individual circumstances, the chairperson of a respective subcommittee may, in consultation with respective parties, suggest alternative actions/processes as issues present themselves.

- Subcommittee for Admission Appeals
- Subcommittee for Grade Appeals

### **208.03 Appeals of Admission to the University**

- A. Undergraduate Student Applicants.** Undergraduate applicants to the university who have been denied admission may appeal that decision by submitting an appeal to the Admission Appeals Subcommittee. Applicants are advised to communicate with the Office of Admissions for instructions.
- B. Graduate Student Applicants.** Graduate applicants who are denied admission to a graduate program may appeal that decision by submitting an appeal to the relevant College or School. As appeal procedures vary by program, the applicant is advised to communicate with the College or School for instructions.
- C. The Subcommittee for Admission Appeals.** The Admission Appeals Subcommittee hears appeals made by undergraduate applicants.
  - 1. Comments.** After a student has petitioned the appropriate administrative officials in the Office of Admissions, he or she has the right to appeal (in writing with supporting evidence) an adverse decision by such officials in cases of (1) admission or (2) other similar matters.

2. **Responsibilities of the Admission Appeals Subcommittee.** The chairperson of the subcommittee will be responsible, in conjunction with the Office of Admissions, for distributing appropriate materials to committee members, for announcing in advance the time and place of each scheduled appeal(s) hearing, and for conveying recommendations of the subcommittee in writing to the Director of Admissions.
3. **Admission Appeals Subcommittee Membership.** The chairperson of this subcommittee, in consultation with the chairperson of the Academic Policies Committee, will be responsible for appointing members no later than May of each year.
  - a. **Members.** The subcommittee will be comprised of at least three faculty members (one of which should be a member of the Academic Policies Committee), one University official, and one student.
  - b. **Length of Service.** Faculty members will serve a term of two years. The University official and student representative will serve one-year terms. Committee members should not be reappointed for consecutive terms.
    - i. **One-Year Term.** A one-year term begins with the summer semester and runs through spring semester of the following year.
    - ii. **Two-Year Term.** A two-year term begins with the summer semester and runs through spring semester of the second year.
  - c. **Quorum.** Any three members of the subcommittee, at least two of which shall be Faculty, shall constitute a quorum.
- D. Ultimately, final authority for all student appeals rests with the president of the institution. (See Section 4.7.1 Student Appeals, BOR Manual).

## 208.04 Grade Appeals

### A. Comments.

1. **The Subcommittee for Grade Appeals.** The Grade Appeals Subcommittee hears both Academic Dishonesty Grade Appeals and Grade Determination Appeals. The grade appeal procedure is explained in Section 208.04(F). Fairness and procedural safeguards are listed in Section 208.04(G).
2. **Student's Right to Appeal.** Students have the right to appeal a grade by initiating an Academic Dishonesty Grade Appeal or Grade Determination Appeal with the chair of the department that offers the course.
3. **Timetable for Grade Appeals.** Grade appeals shall be initiated by the student no later than the end of the semester following the assignment of the grade and concluded no later than one year (12 calendar months) after the assignment of the grade.

### B. Definitions. There are two kinds of grade appeals.

1. **Academic Dishonesty Grade Appeal.** If the faculty member assigned the grade due to an allegation of cheating, plagiarism, or some other act of academic dishonesty and the student wishes to pursue the appeal, his or her case should be considered an Academic Dishonesty Grade Appeal.
2. **Grade Determination Appeal.** If the reasons underlying the appeal are based on policy disagreements or alleged charges of arbitrary or unfair treatment by the involved faculty member, the appeal should be considered a Grade Determination Appeal.

**C. Responsibilities of the Grade Appeals Subcommittee.** The Grade Appeals Subcommittee hears both Academic Dishonesty Grade Appeals and Grade Determination Appeals. The chairperson of the subcommittee will be responsible, in conjunction with the Office of the Provost and Vice President for Academic Affairs, for distributing appropriate materials to subcommittee members, for announcing in advance the time and place of each scheduled appeal(s) hearing, and for conveying recommendations of the subcommittee in writing to the Provost (or Provost's designee).

**1. Academic Dishonesty Grade Appeals.** In cases where there are allegations of academic improprieties, it is assumed that these cases will be related to the classroom. It would be expected that a professor who has noted improprieties would have taken some form of corrective action (see Section 207).

- a. The purpose of the Grade Appeals Subcommittee in hearing this type of student complaint is (1) to determine if academic improprieties did take place and (2) to review the appropriateness of the faculty member's corrective action as it relates to final grade assignment.
- b. Fairness and procedural safeguards for Academic Dishonesty Grade Appeals, Section 208.04(G)(1)(c), state that the burden of demonstrating a preponderance of evidence shall rest upon the officials or faculty member who originated an action against a student or assigned for cause a particular grade.

**2. Grade Determination Appeals.** Educational institutions have the responsibility for evaluating students by standards and using a grading system that is publicized and known to faculty and students. The responsibility for determining the grade of each student rests on the faculty member who has responsibility for teaching the course in which the student is enrolled. If a student feels unfairly treated by a faculty member in terms of the assignment of the final course grade, the student can initiate a Grade Determination Appeal.

- a. The purpose of the Grade Appeals Subcommittee hearing this type of student complaint is to review the totality of the student's performance in relationship to his or her final grade.
- b. Fairness and procedural safeguards for Grade Determination Appeals, Section 208.04(G)(2)(c), state that the burden of demonstrating a preponderance of evidence of arbitrary or unfair grading rests on the student. The student should realize such a charge is a serious one and refrain from taking capricious action.

**D. Membership of the Grade Appeals Subcommittee.** Faculty membership of the Grade Appeals Subcommittee will be determined no later than May of each year by the Chair of the Academic Policies Committee, and shall consist of one representative from each college, one from the Library, and one from the School of Nursing. In addition, the Chair of the Academic Policies Committee will appoint one additional University official and a student representative to serve.

- 1. Length of Service.** The length of service on this subcommittee shall be for one full year (12 calendar months) starting with summer semester.
- 2. Quorum.** Any five members of the subcommittee, at least three of whom are faculty, shall constitute a quorum.
- 3. Role of the Chief Judicial Officer.** For Academic Dishonesty Grade Appeals, the Chief Judicial Officer of the University will be invited to sit on the committee to ensure that all due process requirements are met.

**E. Faculty Availability for Grade Appeal Decisions.** If a faculty member is unavailable when a grade appeal is underway, a faculty-ranked administrator may assume the faculty member's place in the decision-making process in the following circumstances.

- 1. Permanently Unavailable.** If a faculty member is permanently unavailable for a grade appeals hearing because he or she is no longer employed by the University, the Department Chair is responsible for the grade and will attend the hearing. In such a case, the Department Chair is acting in the stead of the faculty member who assigned the grade.
- 2. Temporarily Unavailable.**
  - a. Decision Outcome is Not Time Sensitive.** If a faculty member is temporarily unavailable, for example, on temporary leave, out of the country, or ill, and the outcome of the hearing *does not* affect a student's continued enrollment, financial aid, or graduation, the grade appeal hearing will be delayed until the faculty member returns.
  - b. Decision Outcome is Time Sensitive.** If a faculty member is temporarily unavailable and the outcome of the hearing *does* affect a student's continued enrollment, financial aid, or graduation, the grade appeal hearing will not be delayed. Under such circumstances, the faculty member will be represented by his or her college/school/library Dean (or Dean's Designee), rather than the Department Chair. The Chairperson of the Grade Appeals Subcommittee shall schedule an appropriately timed hearing with the Dean/Designee. Given these circumstances, and in the event of finding for the involved student, the Dean/Designee is authorized to make the appropriate grade change or other remedies congruent with the appeal finding.

**F. Procedures.** The student initiates the grade appeal in writing, using the [Student Grade Appeal Form](#) available from the Provost's website.

- 1. Procedural Summary.** Grade appeals begin at the level of the Department Chair.
  - a. Department Chair.** Upon receipt of the written grade appeal, the Chair (1) consults with the faculty member and the student, (2) determines whether the grade appeal should be considered as an Academic Dishonesty Grade Appeal or a Grade Determination Appeal, (3) examines the available evidence, and (4) grants the appeal and changes the grade, or denies the appeal. The Chair notifies the student of the decision in writing. If the Chair denies the appeal, the written notification to the student should explain the student's right to appeal to the Dean (or Dean's designee). If the appeal is denied, the student may accept the decision and end the appeal process, or request that the appeal and all associated documentation be forwarded to the Dean (or Dean's designee).
  - b. Dean (or Dean's Designee).** The Dean/designee reviews the appeal and grants or denies the appeal. The Dean/designee notifies the student of the decision in writing. If the Dean/designee denies the appeal, the written notification to the student should explain the student's right to appeal to the Office of the Provost and Vice President for Academic Affairs. If the appeal is denied, the student may accept the decision and end the appeal process, or request that the appeal and all associated documentation be forwarded to the Provost (or Provost's designee).

- c. **Provost (or Provost's Designee).** The Provost/designee submits the appeal to the chairperson of the Grade Appeals Subcommittee for a hearing.
  - d. **Grade Appeals Subcommittee.** At the conclusion of the hearing of the Grade Appeals Subcommittee, the chairperson of the subcommittee will submit in writing conclusions and recommendations to the Provost/designee for information, review, and additional action. (For example, change of grade or further judicial sanctions). Ultimately, final authority for all student appeals rests with the president of the institution. (See Section 4.7.1 Student Appeals, BOR Manual).
2. **Timetable of Appeals**
    - a. **Academic Dishonesty Grade Appeal.** This appeal is defined in 208.04(B)(1). An Academic Dishonesty Grade Appeal may be made as soon as a grade penalty on the grounds of academic dishonesty has been levied against a student. The appeal must be concluded no later than one year (12 months) after the grade is assigned.
    - b. **Grade Determination Appeal.** This appeal is defined in 208.04(B)(2). A Grade Determination Appeal shall be initiated after the final course grade is assigned, but no later than the end of the semester following the assignment of the grade, and concluded no later than one year (12 months) after the final course grade is assigned.
  3. **Documentation Required for the Appeal.** A student must submit the [Student Grade Appeal Form](#) available from the Provost's website and any supporting paperwork to the Department Chair.

## G. Fairness and Procedural Safeguards

1. **Academic Dishonesty Grade Appeals.** In order to guarantee fairness and proper procedural safeguards for all concerned, the subcommittee shall be guided by the following procedures:
  - a. The subcommittee will hear a case only if the student has exhausted all administrative remedies through the appropriate department chair and his or her college/school/library dean
  - b. The subcommittee chairperson will consult with both the faculty member and student concerning the hearing procedures, the time, date, and place of the hearing and will ensure relevant materials reach all parties in a timely fashion.
  - c. The burden of demonstrating a preponderance of evidence shall rest upon the officials or faculty member who originated an action against a student or assigned for cause a particular grade.
  - d. The student appearing before the subcommittee shall have the right to be assisted by an advisor of his or her choice.
  - e. During the hearing the student shall have the opportunity to testify and to present evidence and witnesses on his or her behalf. He or she shall have opportunity to hear and question adverse witnesses. In no case shall the subcommittee consider statements against a student unless the student has been given an opportunity to rebut unfavorable inferences that might otherwise be drawn.
  - f. All matters upon which a decision will be based must be introduced at the proceeding before the subcommittee. Any conclusions drawn by the subcommittee shall be based solely upon such evidence.

- g. In the absence of a transcript, an audio recording of the hearing shall be made.
- h. Appellants who fail to appear after proper notice will have their cases heard in absentia. The chairperson of the subcommittee will submit in writing conclusions and recommendations to the Provost and Vice President for Academic Affairs (or Provost's designee).

**2. Grade Determination Appeals.** In order to guarantee procedural fairness to both the student and the faculty member involved, the following procedures shall guide such hearings:

- a. The subcommittee will hear the case only if the student has exhausted all administrative remedies through the appropriate department chair and his or her college/school/library dean.
- b. The subcommittee chairperson will consult with both the faculty member and student concerning the hearing procedures, the time, date, and place of the hearing and will ensure relevant materials reach all parties in a timely fashion.
- c. The burden of demonstrating a preponderance of evidence of arbitrary or unfair grading rests on the student. The student should realize such a charge is a serious one and refrain from taking capricious action.
- d. Both the student and faculty member shall be given an opportunity to present his or her case and to refute the case presented by the other.
- e. All matters upon which a recommendation will be based must be introduced during the hearing before the subcommittee. Recommendations shall be based solely upon such evidence.
- f. Appellants who fail to appear after proper notice will have their cases heard in absentia.
- g. The chairperson of the subcommittee will submit in writing conclusions and recommendations to the Provost and Vice President for Academic Affairs (or Provost's designee).

**208.05 Appeals of Academic Suspension or Academic Dismissal from the University**

Academic suspension (term or one year) or academic dismissal may only be reviewed through a grade appeal (208.04) or hardship withdrawal (205.01). The suspension or dismissal will not be overturned until the grade appeal or hardship withdrawal has been processed.

**Textbooks:** all available in UWG Bookstore

➤ **Required :**

- Marilyn Stokstad. *Art: A Brief History*, third edition (4<sup>th</sup> okay). If you still have your Gardner *History of Western Art*, both Volumes I and II (12<sup>th</sup> or 13<sup>th</sup> edition, you may use those instead of Stokstad *Brief*)
- *A Writer's Resource* (your UWG writing handbook)

➤ **Optional :** Julian Brooks. *Master Drawings Close-up* (Getty, 2010)

**Assigned readings** on the separate calendar. Additional sources will be given as handouts, placed on the website, on Library reserve, or on CourseDen site. Material presented in class and in PPT videos presupposes that you have completed reading and writing assignments. You should expect to re-read and study texts and video PPTs again, perhaps several times. Text readings supplement lecture and CourseDen material.

### **Duties everyday:**

- **CHECK THE CALENDAR**
- **be up-to-date with reading assignments in text**
- **be up-to-date with viewing and taking notes on the video PPT lectures**
- **check your COURSE DEN SITE for class ANNOUNCEMENTS and e-mail**
  - **Changes in schedule or assignments will be made there and it is your responsibility to look for them there and to make appropriate adjustments**

**NOTE:** The pace of this summer online class is very demanding, and even sometimes seems to require super-human efforts. We are taking the usual 16-week term and squeezing it into 7 1/2 weeks. It is not recommended that you take more than 2 of these compressed courses, as there simply is not sufficient time to meet all the requirements involved. If you have a job, probably even two classes will be too much to handle. If you peruse the calendar, you will see that you are almost always facing a deadline of some sort, so this requires pretty constant attention. Art studio course are especially demanding as well, since they require so much time in the classroom.

I cannot make any accommodations for anyone who is overloaded in this way, as the requirements for successful completion for the course must remain the same for all who would earn the 3 credit hours associated with it.

**CourseDen:** We will be using CourseDen in this course, for everything. It is advisable to work with a DSL or other fast connection. Use a computer lab on campus only if it has sound (and bring your own earphones), as all the online Power Point presentations have audio tracks. If you have a dial-up connection, you are likely to encounter difficulties since there are lots of large image files associated with both lectures and tests and they will load very slowly (or not at all) if you do not have a network or DSL connection. To access CourseDen go to: <http://WebCT.westga.edu/> and follow the links to CourseDen and go to the left option: CourseDen - Login. **IMPORTANT:** the alternative way to log into CourseDen, if UWG web is down, is through the address: <http://westga.view.usg.edu>. You may use **ONLY** the CourseDen site to communicate with me by e-mail. If you have difficulties with CourseDen connections, you should contact the helpdesk at UWG Technical support for CourseDen : [distance@westga.edu](mailto:distance@westga.edu) or 678-839-6248 during their office hours (MF 8-5). They are very knowledgeable and helpful when you are having difficulties with your computer within the CourseDen system. If they are unavailable, please leave a message and they will return your call. After hours: there is 24 hour/7days a week help available at 1-866-588-5293, or from CourseDen entry page: right-hand column, under Bookmarks. Please do not rely on me for technical information, as I am rarely able to help with such issues. The HelpDesk people will assist you with your specific set-up.

**COURSE DESCRIPTION:** An exploration of drawing throughout history and across cultures, in terms of both concept and application. There will be attention given to theories and definitions, to its roots in human thought process, to uses and purposes as well as to issues of style and technique, to the media and supports, to the ways that drawing is sometimes coordinated with other artistic activities and is sometimes independent of other forms. It will be studied with regard to how it reflects its many cultural and historical contexts. In addition to traditional drawing types like sketches and studies, we will examine maps and diagrams, developed letter forms and scripts, designs, applied draughtsmanship in its varied forms, in prints, in surface decoration, earth art, drawings in space, &C &C &C. The forms and purposes are myriad and the applications are remarkably rich and often deeply expressive.

**COURSE OBJECTIVES:** Through lectures, discussion, film, and writing assignments, we will explore drawing in a chronological framework -- from the earliest times, the prehistoric era, and though the standard art historical periods. Our major emphasis is on the European traditions, but we will also dabble

in drawing in some non-Western cultures, especially when those were innovative or distinctive, shedding light on our understanding of the breadth and variety of drawing as a human activity

Structure and content of the course is designed to help you:

- ~Identify and discuss the relevance of major and minor uses of drawing in class discussion, image study, films, research, and written work
- ~Develop effective communication skills through writing assignments, online discussions, and presentations
- ~Express the perceived contributions of the art of drawing to culture and history through written analyses of works of art and their contexts of creation and use
- ~Determine some specific significance of a type, category, or application of drawing through individual research and reflection and the writing of a scholarly term project based on that independent research and inductive problem solving.

As always in art history, we will examine the artworks in terms of cultural, social, and economic influences, examining works in their contexts, as they appeared at various moments, from before history to the present day. More specifically, we will examine drawing in itself and in relationship to painting, prints, architecture, architectural decoration, sculpture, photography, and other artforms; in terms of style, media, technique, and of the ways in which they evolved. We will investigate the nature of art as a visual language and the ways in which drawn works reflect distinctive contexts and ideas and uses. Course requirements presume mastery of the basic vocabulary of form, the practice of discussion in very specific terms, and will call upon your ability to verbalize spatial and artistic concepts, to be demonstrated through exams, a 3-phase research term project, and class discussions.

#### **DEPARTMENTAL GOALS:**

In addition to meeting objectives specific to the History or Drawing, this course will also address the long-range Departmental goals for Art and Art History by:

- ~Expanding knowledge of art and its history and promoting thorough understanding of the fundamentals of visual art as language and as product
- ~Helping students become accomplished in a variety of visual disciplines which might include, but are not limited to, those of art historians, artists, art educators, museum curators, and related professions
- ~Having students learn to make aesthetic judgments concerning their own works of art, as well as those of others
- ~Giving students a clear understanding of how their work fits into the historical and cultural contexts of Western and non-Western societies
- ~Helping students develop a sensitivity to life in its many forms while possessing the ability to think and to create independently
- ~Clarifying the theory, criticism, and philosophy inherent in great works of art
- ~ Developing skills in verbal expressions about art, especially in written forms

**DISCIPLINE-SPECIFIC WRITING:** This course has a "W" designation, as it is a Discipline-Specific Writing course. DSW accepts as a guiding principle that writing is valuable tool for learning and communication and that it involves planning and revisions. Therefore, the writing components of this course are designed to help you learn material, to communicate what you have learned, and to revise and polish the communication. As a DSW course, it demands a variety of informal and formal writing assignments intended to stimulate "writing to learn" (WTL) as well as "writing to communicate" (WTC). Your writing skills are assessed as part of evaluation of all written assignments. These include exams, literature assessments, online discussions, annotated bibliography, and term project phases. Evaluation is based, in part, on your revisions of your writing in response to feedback.

*Remember that good writing is not a gift that you have,  
but results from hard work on your part -- plan to spend the necessary time polishing your  
writing for grammar, clarity, spelling, logic, style, and readability.  
(Do NOT say you are not a good writer—make the effort to become one)*

**COURSE REQUIREMENTS AND GRADING:** you are responsible for all assigned readings, in texts or in supplemental materials, for material presented in video lectures, for assigned writings, and for term papers. Requirements and guidelines for term projects will be provided. Use of online lecture videos, levels of participation in discussions, and other use of CourseDen features are electronically tracked by the system, and this is used as a measure of engagement and effort in determining the grades. Grades will be calculated as follows:

Entrance Tests (3 parts)		1 point
Exam 1		10 points
Exams 2, 3	12 points each	24 points
Final Exam		25 points
Term Project : Phases 1/2: Topic formulation, resource development		9 points
Phase 3: Thesis Statement/Annotated Bibliography		9 points
Phase 4:Term Project		8 points
Phase 5: Publication & Critique		TBA
Discussion Participation & Writing (3)	5 points each	15 points
<b>TOTAL</b>		<b>101 points</b>
Extra credit opportunities will be included on scheduled exams and may be limited to those occasions.		
No extra credit assignments for individuals will be allowed		

**\*\* 3 PART ENTRANCE TEST**

**PART 1: SYLLABUS QUIZ:** YOU'RE REQUIRED TO TAKE A QUIZ OVER THE SYLLABUS AND TO MAKE AT LEAST 95% ON IT. YOU MAY RE-TAKE IT AS MANY TIMES AS YOU LIKE, UNTIL YOU DO MAKE THE ALMOST-PERFECT SCORE.

**PART 2: DROPBOX SUBMISSION TRIAL:** YOU ARE REQUIRED TO SUBMIT A TRIAL DOCUMENT THROUGH THE DROPBOX SYSTEM PRIOR TO THE DEADLINE DATE FOR THE FIRST DROPBOX SUBMISSION IN ORDER TO BE ALLOWED ACCESS TO THE SYSTEM.

**PART 3: ATTACHMENTS:** WHEN THE TRIAL DOCUMENT IS RETURNED, OPEN THE ATTACHMENT AND FOLLOW DIRECTIONS THERE. UNTIL ALL 3 PARTS ARE PASSED, YOU WILL NOT HAVE ACCESS TO ENSUING QUIZZES, ASSIGNMENTS, OR EXAMS.

**DIRECTIONS FOR THESE PARTS ARE GIVEN IN COURSE DEN**

**SCHEDULE & READING ASSIGNMENTS: See separate calendar sheets**

**ONLINE DISCUSSION (DSW):** There will be discussion topics posted and a discussion room open for your participation. You will receive up to 5 points for each discussion topic, with a total of 15 points possible for this activity. Variations in the credit points for discussion contributions are explained in the Discussion Board instruction on CourseDen. For this activity, you will not accumulate extra credit, but your apparent engagement and enthusiasm will result in favorable consideration if you are on the verge of a higher grade when the final tally is made. Remember that this is a Writing class in your discussions postings, and pay careful attention to your writing.

**EXAMS:** Each exam will be in essay format (DSW) and will be evaluated for good writing as well as appropriate identification and discussion of works and issues. The exams will be posted as Assignments in CourseDen and will be submitted through the dropbox system there. Only the Final Exam is cumulative, but

you are expected to accrue and retain skills, concepts, and terms throughout the semester, and to consider the concepts examined throughout the course for any works that appear. Exams might include (but may not be limited to) image identifications and analysis or comparison of known or unknown works, themed essays. It is expected that you will make intelligent observations of your own, based upon thoughtful consideration of works seen in class, texts, and lecture material. Please note that the information for your exams should derive ONLY from your text, the video PPTs, and your own thought. Credit for your answers will be based upon your synthesis of those sources. Do not go surfing the web for exam answers. **Prohibited Web information that appears on any exam will result in the grade of 0 (zero) for that exam. Essay material should be derived from text, PPT video lectures and your own thoughtful consideration of those resources. No Makeup Exams Will Be Given.**

#### **TERM PROJECT:**

**RESEARCH/THESIS DEVELOPMENT/ANNOTATED BIBLIOGRAPHY/TERM PAPER/CATALOGUE PRESENTATION (DSW): 3 STAGES: see calendar for dates** The term project is designed and structured to develop planning and development skills. Each phase builds upon the previous ones and facilitates polishing and perfecting the ideas and the writing involved.

Ultimately, you will prepare a term project catalogue, to be presented online. The first step is to identify and formulate a theme/thesis and then conduct research on the idea, in consultation with me. Refine the thesis, explaining your argument point(s) and prepare an Annotated Bibliography as the intermediate stage of this project. After feedback on this submission, you will create an illustrated, written presentation based on your research and your observations on the topic. It will consist of 2000-3000 words (5-6 pages), plus illustrations and supporting material. The catalogue purpose is to incorporate the objects or subjects of your choice into the framework of issues of this course.

**Phases one/two** of the term project involves development of the topic and location of resources for the formulation of a scholarly study. During this phase, you will be given feedback and will be expected to make corrections and to re-formulate the parameters of the project as many times as necessary to arrive at a viable basis for building the rest of the research project. **This means that you will have to revise and refine until your project meets with my approval to move forward to the next phase. Failure to come to a viable formulation at phase one/two will hamper your development and movement forward to phases three and four. Conversely, solid research and thinking and thorough planning during Phases 1 /2 will lay a firm foundation and make the later phases clearer and more logical and, usually, easier.**

**Phase three** will be the Thesis Statement, Presentation of Artworks, and Annotated Bibliography.

**Phase four** will be the final presentation catalogue

**Phase five is critique**, for extra credit. All final projects will be published for perusal and critique by the entire class.

---

**PLAN B??? FAILURE OF YOUR COMPUTER SYSTEM DOES NOT EXCUSE YOU FROM COMPLETING ASSIGNMENTS -- YOU NEED TO FIND A COMPUTER THAT DOES WORK AND MEET THE DEADLINES**

Plagiarism at any phase of the project will result in failure of the course, and will be reported to the Vice President of Academic Affairs.

#### **ACADEMIC HONESTY:**

See <http://www.westga.edu/~handbook/index.php?page=honorcode> and appendix A of the student handbook) The University has adopted a policy for promoting high ideals and the greatest possible

learning for each individual. Improper academic conduct on the part of the student shall be interpreted to mean obtaining and use of information by means other than those permitted by instructor, including supplying such to other students. Also improper is plagiarism, i.e., purchase and use of ghost-written papers and reports, or incorporating into a report, term theme, research paper, or project, ideas and data obtained from another person without credit to the person from whom such information was obtained. Further, inclusion of published or unpublished writings of another person without noting sources according to scholarly procedures acceptable for the discipline of art history shall be considered plagiarism. The definition of academic misconduct applies equally to improper use of electronic sources of information and opinion. At West Georgia, the student is urged to seek truth and beauty in and for themselves, as well as skills needed for a productive life. Academic honesty is essential in preserving one's own integrity, that of the institution, and in gaining a true education. The West Georgia student pledges not to lie, cheat, or steal in the pursuit of his or her studies and is encouraged to report those who do.

**PLAGIARISM:** This course requires that you adhere to high principles of intellectual honesty and personal integrity and that you demonstrate individual achievement in scholarship. Accordingly, any hint of transgression in this area will be dealt with harshly. **Plagiarism in any of your writing assignments or other work will result in failure of the course.** Thus, you are responsible for knowing what constitutes plagiarism and you may not plead ignorance. If you have any doubts, ask me or a librarian. To review the principles, take the time to visit these sites:

<http://libguides.westga.edu/content.php?pid=10699&sid=71588>

<http://library.acadiau.ca/tutorials/plagiarism/>

You are responsible for understanding and heeding what is presented in these websites.

Citation of sources for art history must be according to the Chicago Style, and must be presented in footnotes (preferred) or endnotes, NOT parenthetical references.

For further clarification, see <http://www.westga.edu/~engdept/Plagiarism/plares.html>

**In the philosophical** and practical realms, lack of such intellectual honesty is foolhardy.

You are denying yourself the opportunities for accruing valuable personal knowledge that can serve your creative and intellectual life. At the same time, you endanger your own reputation and career here at UWG and possibly beyond (if you are expelled).

***If, at any point, you have questions or problems, be sure to contact me.  
I will be happy to consult with you on taking notes, preparing for exams  
Any communication by e-mail must be through the CourseDen e-mail system***

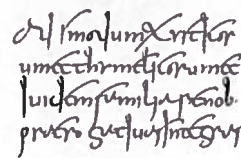

**ATTENDANCE AND CLASS PARTICIPATION:** Despite the online format and its apparent freedom in scheduling, you are still expected to “attend” class by engaging with the online lectures and to participate in discussions. You are responsible for awareness of any changes of assignment or course schedule announced through the home page or by e-mail. (check your CourseDen site at least once EVERY DAY) As thorough lecture notes and visual familiarity with images shown are essential to the successful completion of the course, you must pay careful attention to the online lectures. Power Point files are posted on the Home Page to download to your computer and print if you like, for taking notes.

The CourseDen system keeps track of every “visit” that you make there, of all discussion readings and contributions, of the times of your assignment submissions, and of your inquiries to the help desk. Examination of these records helps me to assess your participation in the online venue.

**DEFINITION OF THE “ONLINE” CHARACTER OF THE COURSE:** The narrated PowerPoint lectures are presented in video clips through CourseDen, and these should be your primary source of information and ideas about the works of art for exams – they are the equivalent of classroom lectures in art history. Information from those should always be synthesized with what you read in the textbook. Additionally, you should spend time thinking about the ideas and works in relationship to your studies in other disciplines, where appropriate. However, you are NOT encouraged to seek material outside of the text and video PowerPoints for exams, particularly from online websites,

except where specifically directed to do so. Despite the fact that this is an “online” class, you do not have free reign in using online materials. For your research project (3-Phase Term Project), you will be guided in gathering, assessing, and using internet research materials within specific parameters that are suitable to the scholarly purpose of the assignment. The description of the class as “online” refers primarily to the fact that the structure for the course is within the university’s CourseDen system. The point of learning and taking exams here is not to “find answers,” rather it is to reflect an understanding of art within cultural context and to gain skills in scholarly study from an art historical disciplined approach. For any use of ideas and materials, you must only work with explicitly allowed resources and you must be absolutely meticulous in giving credit to your sources, whether directly quoted or not –Read carefully the sections below on plagiarism and intellectual honesty.

<b>Rationale</b>						
The older version of this course: Women and Politics focused on the role of women in American politics with some reference to women in other sub-fields. In support of a rigorous program of Women's Studies and reflecting the progress of the research program within political science that applies a framework based on gender, this course should be updated to include a broader introduction to the analytical frameworks related to the study of gender in the field as a whole. The proposed changes will reflect a change in the nature of the course from one narrowly focused on women in American politics to one that serves as an introduction to the concept of gender across American politics, international relations, and comparative politics. The new emphasis of the course will also make the course more reflective of similar courses at other institutions. Basically this change provides a needed update to this course.

# POLITICAL SCIENCE 3102

## GENDER IN POLITICAL SCIENCE

University of West Georgia

Instructor:	Gregory C. Dixon	Office:	Pafford 125
Email:	gdixon@westga.edu	Office Hours:	TBD
Public Course Web Page:	<a href="http://www.westga.edu/~gdixon">www.westga.edu/~gdixon</a>		
Online material is also available via CourseDen			

**COURSE DESCRIPTION:**

This course is an introductory course that examines the role of gender in the field of political science. In the context of this course gender is understood as a socially constructed, hierarchical, binary separation between the masculine and feminine. This course explores the intersection of the study of gender and the study of political science. Political science is the study of the distribution of symbolic and material resources through collective forms of societal organization. This course will examine how concepts of gender are constructed and how this mechanism of construction intersects with other understandings of identity (race, class, and sexual orientation). This course will explore how these socially constructed identity frameworks constitute a system of differential power relationships that can be used as a means of understanding political processes in a range of contexts.

**REQUIRED TEXTS:**

Kimmel, Michael and Amy Aronson	The Gendered Society Reader, 4 <sup>th</sup> Edition	978-0199733712	Oxford University Press
Hawkesworth, Mary	Political Worlds of Women: Activism, Advocacy, and Governance in the Twenty-First Century	978-0813344959	Westview Press
Lindsey, Linda	Gender Roles: A Sociological Perspective, 5 <sup>th</sup> Edition	978-0132448307	Pearson Publishers

Additional readings will be posted in CourseDen in pdf format.

**LEARNING OUTCOMES:**

- Analyze the social construction of gender as a hierarchical separation of the male and female roles in the social system
- Assess the role of gender as one of an overlapping set of forms of identity
- Assess the role of identity in the provision of symbolic and material resources in society
- Appraise the linkages between political systems and hierarchical systems of identity
- Appraise the various models for the application of gender to the study of politics
- Analyze the contribution of gender in the subfields of American politics, international relations, and comparative politics

**GRADING:**

<u>Assignments:</u>		<u>Letter Grade Totals:</u>	
Exams (3, lowest dropped)	30% each	90 and up%	A
Research Paper		80 - 89%	B
Proposal	2%	70 - 79%	C
Literature Review	3%	60 - 69%	D
Final Draft	25%	59 and under	F
Facilitation of Discussion	10%		

**NATURE OF THE EXAMS:**

There are three take-home exams in this course. The exams will ask the student to answer a series of essay questions. Students should expect each exam to be 1800 – 2400 words in length. Due dates for the exams and details of the course assignments are provided in the Course Pack which is available on the course web page and in CourseDen. These exams are difficult and time consuming. Do not wait until the last minute to start.

**NATURE OF PAPER:**

Students are required to complete a 3,000 – 4500 word research paper for this course. Students are required to select a topic of interest that is relevant to international conflict and conflict management broadly defined. This topic will be framed in the form of a research question that the student will seek to answer with their research. The assignment has three parts: 1) The Research Proposal 2) A Literature Review 3) The Completed Paper  
 Details of the paper assignment are found in the Course Pack on the course website and on CourseDen.

**FACILITATION OF CLASS DISCUSSION:**

Students will be divided into groups of two to three students. Each group will facilitate the classroom discussions on a rotating basis throughout the semester. Depending on enrollment this may be one or two class meetings. Facilitators for the week will manage the class discussion for the week and guide their classmates through an exploration of the readings. This process is intended to promote active participation by all class members. Students are free to manage the course as they see fit. The assignment will be graded on the ability of the facilitators to explore the substantive content of the course assigned in the week of their facilitation. For details see the Course Pack.

**SUBMISSION OF ASSIGNMENTS:**

The assignments must be submitted in via CourseDen. The details of electronic submission are found in the Course Pack, but in essence the student submits the relevant file (in MS Word or Open Office odt format) through the CourseDen system. If students cannot submit via CourseDen, hardcopy submissions will be accepted.

**MISSED OR LATE ASSIGNMENTS:**

The assignments are in a take-home format with electronic submission and ample time is given for their completion. Students are expected to complete their assignments on time. The CourseDen system will allow late submission for about 48 hours following the due date. After this period, assignments must be submitted via hard copy. Late assignments will be penalized one letter grade (10 points on a 100 point scale) for each business day late. Exceptions will be made for University business in accordance with University policies. Extensions will be given only in case of dire emergency or "acts of the gods". All such extensions may or may not be granted solely at the discretion of the professor.

**PARTIALLY ONLINE COURSE:**

This course is a hybrid (partially online) course. There are a series of lectures posted online in CourseDen and on the public web site. Students are required to listen to and/or watch the media lectures. These lectures are thematically relevant to the other material and are designed to tie other material together and to discuss key concepts in the course. In-person class time is reserved for discussion. In-person meetings will take place on a schedule indicated in the CoursePack.

**ASSUMPTION OF ADULTHOOD:**

This is a college course. All students are assumed to be adults and will be held to adult standards of accountability and decorum. You are expected to familiarize yourself with the requirements of the course. You are expected to meet the requirements of the course without having to be reminded of such clearly posted things as exam dates. It is expected that you will do the required reading for the course prior to attending class. It is expected that you will complete all required assignments on time. If you have questions, you are expected to ask the professor to seek clarification.

**CLASS PARTICIPATION:**

This is a seminar course. Class participation is required and is a significant portion of your grade in the class. Class participation shall be graded on the quality of the participation not simply the quantity. Students are expected to complete the required readings BEFORE the class meets each day. Students are expected to come to each class prepared to actively engage the material. Discussion questions are provided for the various topics covered in the course. The Tuesday of each week will consist of a lecture by the professor on the topic to be discussed during the week. Thursday class shall consist of a discussion of the course material based on the discussion questions provided for that week's topics. Grades for participation will be assigned based on the quality of the participation, including a demonstrated knowledge of the assigned readings and the ability to apply these readings to the course as a whole.

**ACCOMMODATION FOR STUDENTS WITH SPECIAL ACADEMIC NEEDS:**

Students with special needs as identified by the University will be accommodated in accordance with University policy. Please inform the instructor AS SOON AS POSSIBLE of any special needs that will require accommodation.

**ATTENDANCE:**

Attendance will not be taken and is not required as part of the course grade. However, this course will move very quickly and covers a large amount of material. Further, this is a seminar course and your participation in the seminar is a significant factor in your overall grade in the course. *Attendance is vital to success in this course.* While the professor does not deduct points for missed classes, students are forewarned that missing lectures may significantly reduce their chances of success in the course and may result in a lower participation grade. Missing seminar discussions will adversely affect the participation grade. You cannot effectively participate if you are not here. If it is necessary to miss a class, it is the responsibility of the student to get the notes from that day of class from another student in the class.

**ACTS OF THE GODS, AND OTHER VERY BAD THINGS:**

On very rare occasions truly terrible things happen to students that severely interfere with the ability to function in the class. If such an event happens to you, don't wait until the last day of the semester to bring it to the professor's attention. While the professor is strict, he's not inhuman and accommodations for students who experience truly exceptional life events may be made if the circumstances warrant.

**PRIVACY RIGHTS AND EMAIL CONTACT**

Federal law (FERPA) protects the privacy rights of students. This law was written before the age of email and the interpretation of student privacy over email remains unclear. As a result, the professor is very limited as to what can be discussed over email and also very limited in which email accounts he can correspond with regarding the course. Nothing related to grades, exams, or any other course information specific to a student will be discussed via email. Exam grades, course grades, or any other grade related information will only be discussed in person during office hours or after class. General questions about the course material, lectures, etc. may be asked via email, but only through the student's official university accounts or through the CourseDen interface. Gmail, hotmail, Yahoo, etc. accounts cannot be used for the purposes of this class.

**EXTRA CREDIT:**

There will be NO extra credit given in this course.

**CLASSROOM DECORUM, CELL PHONES, LAPTOPS, AND OTHER CURSES OF MODERN TECHNOLOGY:**

Please arrive on time. Please turn off any device that makes noise. Cell phones should be turned off during class. Laptops should be muted if they are to be used during class. Please do not read the newspaper, sleep, send text messages (your phone should be off), or work on material for other courses during the class time.

At various times during the course we will be discussing highly controversial topics. Students may have strong feelings that conflict with the feelings of others on these issues. Mutual respect and politeness is required in the classroom at all times.

Violations of appropriate classroom decorum will result in penalties including, but not limited to reduction in the students grade in the course, administratively dropping the student from the course, and reporting the student's behavior to the University for further action under the Conduct Code.

**ACADEMIC HONESTY:**

All students should be aware of the University of West Georgia rules regarding academic honesty. Cheating, fabrication, and/or plagiarism of any kind will not be tolerated. Any student caught committing any violation of the Honor Code on any assignment will

receive an F in the course (regardless of the relative value of the assignment in question) and will be reported to the University for further action as per University policy. **The professor reserves the right to seek the harshest possible penalty (expulsion from the universty) for any and all violatfons of the University of West Georgia Honor Code regardless of the value of the Individual assignment.** If you are unsure as to what constitutes academic dishonesty, please consult the University of West Georgia Student Handbook. Ignorance of the Code will not be accepted as an excuse for violations of it.

**MODIFICATIONS TO THIS SYLLABUS:**

The professor reserves the right to make changes to any and all elements of this syllabus as necessary for the success of the course as defined by the professor. Such changes will be announced verbally in class. Such changes may only be announced once. Such changes may include modifications to any and all aspects of this syllabus.

<b>Rationale</b>						
The course has not been offered in more than five years and there is no expectation of offering it anytime in the near future. It is a preparation course for graduate students that combines ACCT 2101 and ACCT 2102 into the same course. Currently, students who need both of the accounting principles courses in the same semester are being allowed to take the two courses at the same time. This effectively eliminates the need for ACCT 4201.

# **Addendum III**

## **UWG Shared Governance Procedures for Modifications to Academic Programs**

*Many changes also need approval by the BOR, SACS, and/or specialized accreditors prior to implementation.*

*This document only addresses the UWG internal approval process.*

The Provost serves as the Chief Academic Officer for the Institution. As such, all changes to programs and courses need approval of the Provost. The Dean, serving under the Provost, serves as the Chief Academic Officer for the college or school of his or her appointment. It is the responsibility of both the Dean and members of the faculty to engage in improvements and innovations in pedagogy, curriculum, and programming in an effort to increase student learning. Many of these changes should flow naturally out of market conditions, environments, national norms, and data collected and analyzed through the assessment of student learning outcomes.

The process for new or modified academic programs and curriculum normally (but not exclusively) initiates within a college or school. As such, it is the responsibility of the Dean as the chief academic officer of the college or school to manage the curriculum creation/modification process within his/her area of appointment. Each college or school has the opportunity to define internal processes for the creation and modification of curriculum and academic programs, within the boundaries of UWG and BOR policy and procedures.

When the creation or modification of an academic program or curriculum is approved by the Dean, many changes should also be submitted for consideration by the faculty senate and its committees, while others should be reported directly to the Office of the Provost and Vice President for Academic Affairs.

The process of notification and approval for the creation/modification of academic programs and curriculum is outlined below:

1. The following are ***actions items*** by the Senate and appropriate Senate Subcommittees:
  - New academic programs and new courses (degrees, majors, minors, concentrations, certificates, etc...)
  - Changes to a course level (i.e. changing from 3000 to 4000 level)
  - Adding to or removing a course from the Core Curriculum
  - Changes to course prerequisites that span across colleges
  - Modifying the requirements to complete an academic program, including core curriculum
  - New or modified concentrations within a degree program
2. The following are ***information items*** for the Senate:
  - Modifications to XIDS courses (Action Item by the Committee)
  - Changes in admission standards for an academic program
  - Suspending (deactivating) or eliminating (terminating) academic programs

- Offering an existing academic program more than 95% online
  - Offering an approved academic program more than 50%, but less than 95% online
3. The following are ***reviewed by the Senate graduate and undergraduate programs*** committees to assure quality of academic programs
- Comprehensive Program Reviews
  - Academic program and core curriculum learning outcome assessments
4. The following are ***not items considered*** by the Senate and should be reported directly to office of the Provost:
- Modifications/additions/deletions to existing academic program learning outcomes, excluding core curriculum
  - Offering less than 25% or 25-50% of an academic program at an off-site location or online (separate notifications for each change)
  - Minor modifications to courses including: course name, description, course learning outcomes, ***course deletions (with the exception of Core courses)*** and prerequisites within a college or school
  - Creation or modifications of assessment artifacts
  - Moving an approved course to online delivery (including both “D” and “N” sections)
  - **Modifications/additions/deletions of pre-major programs**

## **COURSE DESCRIPTION**

Students will examine issues relating to cultural pluralism and global perspectives, equitable education of diverse student populations, and aspects of teacher behavior, cultural variations, and student variations relevant to learning and teaching. ## **CONCEPTUAL FRAMEWORK**

The conceptual framework of the College of Education at UWG forms the basis on which programs, courses, experiences, and outcomes are created. With the goal of *Preparing Exemplary Practitioners*, our programs incorporate ten descriptors (knowledgeable, reflective, inquisitive, decisive, adaptive, proactive, leading, collaborative, culturally sensitive, empathetic), clustered into three interrelated and overlapping themes, that demonstrate our commitment to (a) Professional Excellence; (b) Field-Based Inquiry; and (c) the Betterment of Society. These themes and descriptors are integral components of the conceptual framework and provide the basis for developing exemplary practitioners who are prepared to improve schools and communities. National, state standards, and National Board for Professional Teaching Standards (NBPTS) also are incorporated as criteria against which candidates are measured.

The mission of the College of Education is to provide excellence in the initial and advanced preparation of professionals for a variety of settings, to foster an innovative learning community, and to empower a faculty committed to teaching and the dissemination of knowledge. This course's objectives, activities, and assignments are related directly to the conceptual framework and national standards, as identified below.

## **COURSE DESCRIPTION**

Family/Community Involvement for School Improvement is designed to acquaint teachers of early childhood and elementary grade children with techniques for working with and involving families and communities. In this course, four areas of parent and community involvement will be emphasized: home-school communication, parent education, volunteerism, and public/community relations.

## **CONCEPTUAL FRAMEWORK**

The conceptual framework of the College of Education at UWG forms the basis on which programs, courses, experiences, and outcomes are created. With the goal of *Preparing Exemplary Practitioners*, our programs incorporate ten descriptors (knowledgeable, reflective, inquisitive, decisive, adaptive, proactive, leading, collaborative, culturally sensitive, empathetic), clustered into three interrelated and overlapping themes, that demonstrate our commitment to (a) Professional Excellence; (b) Field-Based Inquiry; and (c) the Betterment of Society. These themes and descriptors are integral components of the conceptual framework and provide the basis for developing exemplary practitioners who are prepared to improve schools and communities. National, state standards, and National Board for Professional Teaching Standards (NBPTS) also are incorporated as criteria against which candidates are measured.

The mission of the College of Education is to provide excellence in the initial and advanced preparation of professionals for a variety of settings, to foster an innovative learning community, and to empower a faculty committed to teaching and the dissemination of knowledge. This course's objectives, activities, and assignments are related directly to the conceptual framework and national standards, as identified below.

## **APPROACHES TO INSTRUCTION**

For this course, we will draw on several pedagogical methods including: hands-on activities, small group discussions, reflective activities, and interactive discussions.

## **COURSE OBJECTIVES**

**EXTERNAL DEGREE OFFERING OF AN APPROVED PROGRAM AT  
AN EXISTING BOARD APPROVED INSTRUCTIONAL LOCATION**

***Administrative Approval Request Form***

**Institution(s):** University of West Georgia

**College(s)/Division(s):** Richards College of Business

**Department(s):** Graduate Program Office

**Program Name:** Master of Business Administration (MBA)

**CIP Code:** 521101

**Location of the Degree Offering:** Georgia Highlands Campus - Douglasville Georgia

**Description:** The MBA program educates students with a broad knowledge of business in order for them to perform effectively in management positions or to pursue further studies. The objectives of the MBA program are to enhance the student's ability to:

1. Communicate at a professional level in oral presentations and in writing using appropriate technologies.
2. Work effectively with others and lead in organizational situations.
3. Identify how globalization affects organizations and their environment.
4. Recognize the importance of ethical decision making.
5. Integrate analytical and problem solving skills with concepts and theories from all functional areas of business using appropriate analytical and decision making technologies.

**Need:** The adoption and formalization of the MBA curriculum at the Douglasville campus completes the MBA distribution plan of the Richards College of Business. This design offers the MBA curriculum at three different, but reasonably accessible locations. The campuses are Carrollton, Newnan, and Douglasville. The Carrollton campus offers the complete MBA program in three semesters beginning in the fall of each year. The Newnan and Douglasville campuses offer the complete MBA program in a period of six semesters beginning in alternate spring semesters. The proximity of the three campus locations is critical to the competitive differentiation strategy to allow students the flexibility to alter their schedule, thus accelerating or slowing their rate of completion based on individual factors.

**Demand:** Douglas County is one of the most rapidly growing areas in the state. Based on the state Census Bureau more than 20 percent of the population had received their bachelor's degree or a higher degree between 2000 and 2010. Offering an MBA program at the Georgia Highlands Douglasville campus will assist in meeting this demand and will enable the University of West Georgia to compete with other institutions in this market.

**Projected Enrollment:** Two courses will be offered at this location per semester serving approximately 20 students.

**Cost:** The principle structural and infrastructure cost has already been absorbed by Georgia Highlands in developing the Douglasville location. Ancillary support and maintenance cost will be minimal if any. Minimal additional advertising cost, if any, are expected as the MBA program is currently marketed by the Richards College of Business. Labor costs are restricted to faculty support where the course offerings at Douglasville are restricted to two per semester.

**Total Credit Hours Required for Completion:** 30 hours

**Proposed Start Date:** January 2013

**Contact information for the lead person at the instructional site:** Dr. Hope Udombon, Administrative Director of Graduate Business Programs, Richards College of Business, University of West Georgia, 678.839.5355, [hudombon@westga.edu](mailto:hudombon@westga.edu).

**Contact information for the lead contact individual for the academic program:** Dr. Hope Udombon

**FULL POLICY TEXT**

The University of West Georgia grants one semester hour of academic credit based on seat time or competency.

The seat time required for one semester credit hour must be equal to or greater than one hour (A university hour being 50 minutes as noted in the federal definition of a credit hour) of classroom or direct faculty instruction and a minimum of two hours out of class student work each week for approximately fifteen weeks. This includes the work time equivalent for any credit bearing activity including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.

Where available, the university grants academic credit for students who verify, via competency-based testing, they have accomplished the learning outcomes associated with a course that would normally meet the seat time requirement outlined above (i.e. A.P. credit, CLEP, and department exams).

## CREDIT HOURS

### Policy Statement

As part of its review of an institution seeking initial or continuing accreditation, the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) conducts reviews of an institution's assignment of credit hours. Academic credit has provided the basis for measuring the amount of engaged learning time expected of a typical student enrolled not only in traditional classroom settings but also laboratories, studios, internships and other experiential learning, and distance and correspondence education. Students, institutions, employers, and others rely on the common currency of academic credit to support a wide range of activities, including the transfer of students from one institution to another. For several decades, the federal government has relied on credits as a measure of student academic engagement as a basis of awarding financial aid.

The purpose of this policy is to provide guidance to institutions and evaluation committees on the Commission's expectations regarding credits and to set forth the federal regulations regarding the award of credit.

**Federal Definition of the Credit Hour.** For purposes of the application of this policy and in accord with federal regulations, a credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates

1. Not less than one hour of classroom or direct faculty instruction and a minimum of two hours out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time, or

2. At least an equivalent amount of work as required outlined in item 1 above for other academic activities as established by the institution including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.

**Guidelines for Flexibility in Interpretation.** An institution is responsible for determining the credit hours awarded for coursework in its programs in accordance with the definition of a credit hour for Federal program purposes. The definition does provide some flexibility for institutions in determining the appropriate amount of credit hours for student coursework.

- The institution determines the amount of credit for student work.
- A credit hour is expected to be a reasonable approximation of a minimum amount of student work in a Carnegie unit in accordance with commonly accepted practice in higher education.
- The credit hour definition is a minimum standard that does not restrict an institution from setting a higher standard that requires more student work per credit hour.
- The definition does not dictate particular amounts of classroom time versus out-of-class student work.
- In determining the amount of work the institution's learning outcomes will entail, the institution may take into consideration alternative delivery methods, measurements of student work, academic calendars, disciplines, and degree levels.

□ To the extent an institution believes that complying with the Federal definition of a credit hour would not be appropriate for academic and other institutional needs, it may adopt a separate measure for the credit hour. Credits may be awarded on the basis of documentation of the amount of work a typical student is expected to complete within a specified amount of academically engaged time, or on the basis of documented student learning calibrated to that amount of academically engaged time for a typical student.

The intent of the above flexibility as provided by Federal guidance is to recognize the differences across institutions, fields of study, types of coursework, and delivery methods, while providing a consistent measure of student work for purposes of Federal programs.

**Commission Obligations in the Review of the Credit Hour.** The Commission reviews the institution's (1) policies and procedures for determining credit hours, including clock to credit hour conversions, that the institution awards for coursework and (2) the application of its policies and procedures to its programs and coursework. Following the evaluation, the Commission is obligated to make a reasonable determination regarding the institution's assignment of credit hours and whether it conforms to commonly accepted practice in higher education. In doing so, the Commission may use sampling or other methods in its evaluation. As with the identification of non-compliance with other standards, the Commission is obligated to take action in accord with that used in relation to other standards of non-compliance. If the Commission finds systemic non-compliance with this policy or significant non-compliance regarding one or more programs at the institution, the Commission is required to notify the U.S. Secretary of Education.

## Procedures

### 1. Institutions preparing Compliance Certifications in anticipation of reaffirmation of accreditation (accredited institutions) or initial membership (candidate institutions).

The institution will be required to document compliance with Federal Requirement 4.9 (Definition of Credit Hours) as relates to credit hours. If the Board imposes a public sanction or takes adverse action in part or in full for continuing non-compliance with FR 4.9 as applies to the credit hour, the Commission will notify the U.S. Secretary of Education. The institution will be informed of such action.

### 2. Institutions undergoing substantive change review related to an academic program review in anticipation of continuing accreditation.

The institution will be required to address Federal Requirement 4.9 (Definition of Credit Hours) as part of its prospectus (program expansion) or application (degree level change). Following review of the prospectus, Commission staff will refer the substantive change case to the Commission's Board of Trustees if there is evidence of non-compliance with FR 4.9. For substantive change cases involving level change, the application will automatically be forwarded to the Commission's Board of Trustees.

As a result of Board review that may include a site visit, if the Board imposes a public sanction or takes adverse action in part or in full for continuing non-compliance with FR 4.9 as applies to the credit hour, the Commission will notify the U.S. Secretary of Education. The institution will be informed of such action.

3. The Commission is not responsible for reviewing every course and related documentation of learning outcomes; rather, the Commission will review the policies and procedures that the institution uses to assign credit hours, with the application verified by a sampling of the institution's degrees and nondegree programs to include a variety of academic activities, disciplines, and delivery modes. The review process for sampling encompasses a varied sample of the institution's degree and nondegree programs in terms of academic discipline, level, delivery modes, and types of academic activities. In reviewing academic activities other than classroom or direct faculty instruction accompanied by out-of-class work, the Commission will determine whether an institution's processes and procedures result in the establishment of reasonable equivalencies for

the amount of academic work described in paragraph one of the credit hour definition within the framework of acceptable institutional practices at comparable institutions of higher education for similar programs.

4. The Commission will notify the U.S. Secretary of Education of its findings of systemic non-compliance with this policy or FR 4.9 or of significant non-compliance regarding one or more programs at the institution only after the Commission follows its review process that includes notification to the institution of non-compliance and a reasonable time period for the institution to respond to the citations and provide documentation of compliance.

5. Comprehensive Standard 3.4.6 reads as follows: "The institution employs sound and acceptable practices for determining the amount and level of credit awarded for courses, regardless of format or mode of delivery." It is to be reviewed in conjunction with FR 4.9.

## 104.06 Periodic Evaluations of Deans

### 104.0601 General Policy Statement

Procedures for the periodic evaluation of Deans shall be guided by three essential principles: shared governance, impartiality, and transparency. The procedures enumerated below seek to realize these principles.

A. Interval of Periodic Evaluation:

The first periodic evaluation of an academic Dean shall cover a full three-year period occurring in the Dean's fourth year of appointment. Thereafter, periodic evaluations shall cover a full four-year period and occur every five years. All periodic evaluations begin in the Fall semester and conclude in the Spring semester of one academic year. Credit for service as an Interim Dean shall be determined by the Provost in consultation with the Dean at the time of permanent appointment. After the first periodic evaluation the Provost may initiate an evaluation of a Dean at any time, but shall explain its necessity and appropriateness. Refer to Table 1 below for a sample periodic evaluation sequence.

Table 1. Sample Periodic Evaluation Sequence.

<b>Appointment Year</b>	<b>Academic Year</b>	<b>Evaluation Year</b>	<b>Evaluation Review Period</b>
1	2011-2012		
2	2012-2013		
3	2013-2014		
4	2014-2015	2014 – 2015	Evaluates Fall 2011 - Summer 2014
5	2015-2016		
6	2016-2017		
7	2017-2018		
8	2018-2019	2018 – 2019	Evaluates Fall 2014 - Summer 2018

**B. Purpose and Objectives:**

1. To provide the faculty and administration with information on the performance of academic Deans who report to the Provost, both annual reviews and periodic evaluations shall be practiced.
2. The periodic evaluation will help guide the Provost in carrying out his or her responsibilities with regard to appointing, renewing, and/or terminating Deans of academic units and facilitate the professional development of those Deans.
3. To this end, a Review Committee shall be charged with collecting information about the performance of an academic Dean. Findings of the Review Committee shall supplement information from other sources (e.g., Annual Review Letters, unit financial documents) to provide the Provost with a comprehensive record of the Dean's performance.

**C. Timeline of Evaluation:**

1. The Provost shall notify the Dean of the pending evaluation and appoint the Chair of the Review Committee in the Fall semester.
2. Within five working days of receiving the Provost's notification, the Dean under evaluation notifies the faculty and staff of his or her unit of the pending evaluation.

3. Within five working days of receiving the Provost's appointment, the Chair of the Review Committee shall call for the election of six faculty members from within the unit led by the Dean. Refer to section 104.0601(D)(3) for guidance on the manner in which the Review Committee members shall be elected.
4. The Review Committee will provide its Evaluation Report to the Dean no later than February 28<sup>th</sup> of the academic year during which the evaluation is conducted.
5. The Dean has the right to review and respond to the Review Committee's Evaluation Report no later than March 28<sup>th</sup>.
6. The Review Committee's Evaluation Report and the Dean's response shall be forwarded to the Provost no later than March 30<sup>th</sup>.
7. The Chair of the Review Committee presents the results of the Dean's Evaluation Report to the faculty of the Dean under evaluation no later than April 30<sup>th</sup>.
8. In the event that the dates in this timeline fall on a weekend or holiday, the documents are due the following business day.

D. Composition of Review Committee:

1. The Review Committee will be composed of seven members.
2. A Review Committee Chair, who is a senior faculty member from outside the unit led by the Dean being evaluated. The Provost shall appoint the Review Committee Chair. The Chair of the Review Committee shall receive one course reassigned time.
3. Six faculty members from within the unit led by the Dean, one of which must be a department chair. The faculty governance body from the unit led by the Dean under evaluation determines the manner in which the committee members shall be elected. In the case of a unit that does not have an elected faculty governance body, the faculty at large of the unit determine the manner in which the committee members shall be elected.
4. The Provost and the Dean under evaluation shall have the right to object to the inclusion of a member of the committee. Both parties shall each be allowed only one objection.
5. No person with a conflict of interest may serve as a member of the Review Committee. All personal and professional conflicts of interest must be revealed to and reviewed by the Review Committee Chair prior to the selection of faculty to serve on the Review Committee. Such conflicts of interest include, but are not limited to, personal and professional interactions and relationships that would preclude dispassionate, disinterested, correct, complete, and unbiased participation in these matters. Spouses, immediate family members, and colleagues with an intimate personal relationship with the Dean are explicitly prohibited from participation.

E. Review Committee Procedures:

1. The Review Committee meets with the Provost and then with the Dean to be evaluated. At these meetings, the Review Committee:
  - a. Outlines the timeline for review and the evaluation criteria.
  - b. Requests relevant information to be considered during the evaluation. At this time, the Provost and the Dean may specify topics, questions, or concerns for the Review Committee to consider in making its evaluation, as well as particular individuals whose input would contribute to a complete review.
  - c. Informs the Provost and the Dean of:
    1. Their right to object to one member of the Review Committee, which shall trigger the search for a new member.
    2. The right to communicate with the Review Committee throughout the evaluation process. That is, the Committee must guarantee the Provost and the Dean the right to provide input at any time during the evaluation.
2. The Review Committee shall notify the faculty of the Dean under review of the procedures guiding the evaluation process and how the principles of shared governance, impartiality, and transparency shall be realized.
  - a. The notification shall include information about data collection, administration of the Dean Evaluation Questionnaire, how the identity of participants will be protected from unnecessary disclosure to the extent allowed by applicable law, and the Review Committee's guarantee to grant full access to anyone wishing to provide input at any time during the evaluation, unless a significant conflict of interest can be demonstrated.
  - b. Among its procedures, the Review Committee must administer the Dean Evaluation Questionnaire to the Dean's constituency. The Dean's constituency shall include, but not be limited to, Vice Presidents, Deans, Directors, the faculty and staff of the unit, the faculty governance body of the unit, and any other individuals who interact with the Dean on a regular basis.
  - c. In addition to the Dean Evaluation Questionnaire, the Review Committee shall gather information related to the topics, questions, and concerns noted by the Provost and Dean in their initial meetings.

#### F. Components of the Evaluation:

##### 1. Evaluation Criteria

The evaluation criteria should be based on the duties specified in Article III, Section 2 of the Policies and Procedures of the University of West Georgia and the By Laws of the unit of the Dean under evaluation.

##### 2. Evaluation Report

The Review Committee shall produce an Evaluation Report of its findings, which shall be descriptive in nature. The Evaluation Report shall not include interpretations of the findings, nor recommendations regarding personnel actions. However, the Review Committee may synthesize the data they collect, to include the power to edit, shorten, paraphrase or select qualitative comments as exemplary for

presentation in the report; comments received shall be presented anonymously in an appendix, so that the unbiased nature of the synthesis can be verified. The Evaluation Report shall include, but not be limited to, the following sections:

#### Introduction

- a. Purpose of the evaluation.
- b. Description of how the principles of shared governance, impartiality, and transparency have been realized through the process.
  1. Description of the procedures that guided the composition of the Review Committee.
  2. Disclosure of conflicts of interest, if any, and how they were handled.
  3. Discussion of the timeline of the evaluation.

#### Methodology

- a. Data collection efforts (e.g. description of the Dean Evaluation Questionnaire, distribution methods, response rate).
- b. Procedures to protect the identity of participants from unnecessary disclosure to the extent allowed by applicable law.

#### Results

- a. Descriptive analysis of data from the Dean Evaluation Questionnaire.
- b. Descriptive summary of additional data collected (to include interviews with dean's peers, supervisors, and relevant external community when useful).

#### Conclusion

- a. Purpose of the evaluation (briefly revisited).
- b. Timeline for the next periodic evaluation, per guidelines in Table 1 in Section 104.0601.

G. Post-Evaluation Conference with the Faculty. The Chair of the Review Committee shall present the Evaluation Report to the faculty of the unit no later than April 30th.
